

Sociology

Chapter 11

Educational Institution in Rural

Punjab

Functions of Educational Institution

The following are the major functions of education and its institution in Pakistani society: College, universities and the institution of religious education are included are:-

- Cultural Transmission
- Social Organization
- Future Goal
- Rational Thinking
- Character Building
- Family Living
- Adjustment in life
- Socialization of personality
- Techniques of technology

Problem faced by Religious Education System

Respect and Honour of Religious Degree

The certificates awarded to them are from the institutions where they study and from getting through the examinations of the waqf-ul-Madaras. This certificate is not given due weightage and jobs

Marginal Job Opportunities

They are given jobs of teaching of religious education in various institutions which are small in number.

Prestige of Imam

The prestige of teacher Imam rests upon his experience and knowledge of the Holy Quran, Hadith and Fiqh.

Facilities for Poor students

It has been observed that level of facilities in the religious institutions are generally low as compared to the facilities provided in the formal education institutions.
